Company Overview

COMPANY PROFILE

Information Innovators Inc (Triple-i), headquartered in Springfield, Virginia, is dedicated to delivering best-value IT services and solutions through the application of our employees' experience and state-of-the-art technologies. We offer a range of services including Strategic Planning, Enterprise Services, Program and Project Management, and Information Assurance and Security Management.

Triple-i has achieved significant growth and success since its inception in 2001. The following are some of our attributes and achievements:

Staff – Triple-i has grown to over 175 full-time employees and will be adding a significant number of new staff in 2009. All of our contracted employees are security screened using the Joint Personnel Adjudication System (JPAS). Of these, approximately 21% hold "Top Secret" clearances, 36% hold "Secret" clearances, and an additional 40% have undergone Public Trust security checks (IT-1, 2, 3, or NACI).

Revenues – Triple-i has realized consistent revenue growth from 2001 to present. Over the past 3 years, we delivered more than $60M in services—of which, more than 70% has been as a prime contractor.

Contracts – Triple-i has contracts with multiple Federal Government agencies including the Defense Contract Management Agency (DCMA), the Department of Transportation (DOT), the Defense Logistics Agency (DLA), the Department of Interior (DOI), U.S. Air Force and the U.S. Patent and Trademark Office (USPTO). In 2009, Triple-i was awarded additional contracts supporting the Customs and Border Protection (CBP), Naval Sea Systems Command (NAVSEA), Department of Justice (DOJ), and the Department of the Treasury. We are also a GSA prime contract holder on the VETS GWAC through 2012.

Awards – Triple-i is proud to be ranked for three consecutive years on Inc. Magazine's list of the nation's fastest growing, privately held companies for 2006 (#102), 2007 (#178), and 2008 (#860). Triple-i ranked #15 on the Washington Fast 50 for 2007 and #29 in 2008.

Mentor-Protégé Relationship – Triple-i was selected by Science Applications International Corporation (SAIC) for a National Mentor/Protégé Program from 2006 through 2010.

Facilities Clearance – Triple-i has a "Top Secret" facilities clearance.

Geographic Reach – Since inception, Triple-i has expanded our geographic reach from the Washington D.C. metropolitan area into many regions across the nation.

SERVICE OFFERINGS

Triple-i works closely with each client to ensure that they derive the greatest value from their investment in our services. We bring all of the experience, innovation, and intellectual capital of a large technology management consulting firm and combine it with advantages of an agile, small business. Our core service offerings include:

Strategic Planning Services – Triple-i helps to define an organization's fundamental goals and the actions needed to achieve them. After conducting a thorough examination to identify a project's status, goals, effectiveness of current processes, and any risks or issues, Triple-i works with the client to develop a plan of action to achieve project objectives and solve organizational problems.

- Acquisition Support
- Capital Planning
- Enterprise Architecture
- Infrastructure Design

Enterprise Services – Triple-i offers a range of services that will enable organizations to appreciate the most efficient, cost-effective IT solutions available. We possess the knowledge and experience that is necessary to build and run an IT enterprise from the ground up—from build-out, to systems and application integration, to operations and maintenance.

- Infrastructure Build-Out
- Data and Application Migration/Consolidation
- Asset Management
- Systems Development and Integration
- Application Development and Integration
- Operations and Maintenance (O&M)

Program & Project Management – Successful execution of a program or project requires a combination of quality processes, toolsets, and experience. Triple-i has a proven record of successfully leading our customers to the "finish line" having accomplished or exceeded their programmatic goals on time and within budget. We offer a complete range of management services from performing requirements management and scheduling to maintaining your entire Enterprise Program Management Office (EPMO).

- Program/Project Assessment
- Planning and Scheduling
- Requirements Management
- Configuration and Change Management
- Cost and Budget Management
- Training Management

Information Assurance & Security Management – Information assurance (IA) and security management provides the first layer of protection for an organization's information systems. Proper IA and management procedures and policies ensure that your systems and data are protected from known and potential security threats. Triple-i is also committed to playing an integral role in the confidentiality, integrity, and availability of federal government and Department of Defense (DoD) information systems and their security posture.

- Security Design and Configuration
- Vulnerability Assessments
- Certification and Accreditation (C&A)
